

Thank you for joining us at K2016.  
We appreciate your taking precious time from your busy schedule.  
The show was a great success having lots of attendance at our booth.

We wish you continued success and kind supports to us.

# K 2016

## Invitation to TOYO Booth

Dear Sirs,

We are very pleased to announce that we will be participating in the upcoming K2016 to be held in Düsseldorf, Germany in October this year.

At K 2016 we will be showing high speed molding and "SAG +  $\alpha$ " system with our Si-6 Injection Molding Machines. The "SAG +  $\alpha$ " system will demonstrate high efficiency gas generation suppression performance during plasticizing process as well as outstanding degassing performance.

It is our greatest pleasure if you could visit us and share your precious time with us at K 2016.

Yours sincerely,

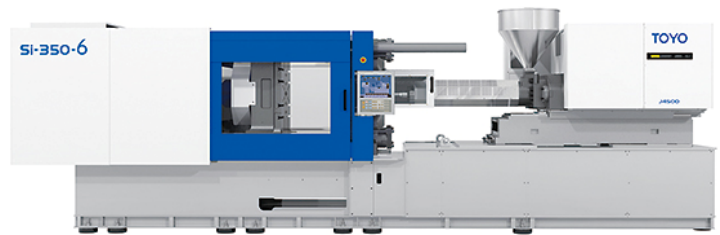

Kazunori Sogame, President & CEO  
TOYO MACHINERY & METAL CO., LTD.

### TOYO's Exhibit

**Si-180-6 H450D**  
with "SAG +  $\alpha$ " gas suppression system

**Si-350-6 JH750D**  
High speed molding of cutlery

**SMART MOLDING** ~ Highly sophisticated, and yet simple-to-operate  
Plastics Injection Molding Machine ~
