

TOYO MACHINERY & METAL CO., LTD.

June 2018

Esteemed customers:

Announcement on Unavailability of New Programming for Machines with Old Controllers

Dear Sirs,

Thank you very much for your continued patronage to our products.

At this time, under various circumstances we need to announce that we have decided to stop, effective September 30, 2018, receiving orders of new machine motion programming for old machine models stated below:

Hydraulic injection molding machines : G, G 2, and H
Electric injection molding machines : T S, S i -1, T i s, and T i s - B
Vertical injection molding machines : T T and E T (with PLCS-9 control)
Die-casting machine: B D - V 2 C P, V 3 P, V 3 N, and V 4 N
disc molding machine : S T (with PLCS-9 control)

Apart from new programming, would you please be assured that we can continue to provide supports as ever for those machines, including copying of already programmed software into ROMs.

We would sincerely hope to obtain your kind understanding and cooperation in this matter, and should you have any questions, please feel free to contact us anytime.

Sincerely yours,

Hiroshi Yukutomo, Operating Officer
System Engineering Division
Toyo Machinery & Metal Co., Ltd.
